

# Federal-Aid Report

This report provides detailed information about all roads on the State Highway System and many additional public roads. It includes the Federal agency responsible for providing federal aid after a disaster, functional classification, local road name, and the name of the road or boundary at each end of each segment identified by FDOT's Roadway ID. The roads are listed by FDOT District, then by county within each District, and then in the order of the Roadway ID. The Bookmarks are in alphabetical order by county.
